TANK VS. TANKLESS

Comparison Guide

NORITZ
TANKLESS WATER HEATERS

TANKLESS VS. TANK

There's more to tankless than meets the eye. See our chart below to see some of the great advantages for homeowners who are ready to make the switch to tankless.

HOW THEY WORK

ENDLESS HOT WATER.

Never run out of hot water again. Only operates when water is being used.

Operates 24 / 7 / 365

Constant usage equals higher operating costs. Limited hot water and once the tank runs out of hot water, you have to wait for it to heat back up.

DURABILITY

UP TO 25 YEAR WARRANTY

Some Noritz Tankless Water Heaters last 25 to 30 years

6 Year Warranty

Tank will be replaced almost 6 times vs. the lifespan of a Noritz Tankless

WHEN THEY FAIL

NO WATER DAMAGE

Because there is no water stored in your tankless, there is no water damage when there is a failure

7 out of 10 tanks BURST

When they fail, tank heaters leak 30 to 80 gallons of rusty water, damaging surroundings

COST

\$\$

Costs more up front in initial install but can save you thousands of dollars over the life of your tankless unit.

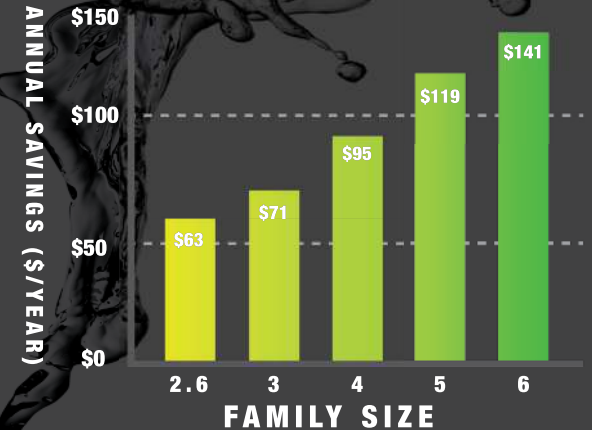

\$

Costs less because of a less powerful burner and dated technology

SAVE MONEY WITH TANKLESS

With benefits such as energy savings and space savings, making the switch to tankless just makes sense.

AVERAGE SAVINGS

Source: https://www.energystar.gov/products/water_heaters/water_heater_whole_home_gas_tankless/benefits_savings

A Noritz Tankless is up to **40%** more efficient than a 50 gallon tank water heater.

Switching to Tankless increases space savings up to...

9 SQUARE FEET

ENERGY SAVINGS

By heating water only when you need it, Energy Star qualifying tankless water heaters save the typical family hundreds of dollars per year on gas bills compared to a standard storage tank.

UTILITY AND FEDERAL REBATES

Many local utility and federal programs recognize the benefits of tankless water heaters and are encouraging making the switch with rebates. Check with your installer, local utility company or noritz.com/rebates for any additional rebates.
